

## Superintendent's Welcome

Welcome to the 2019-2020 school year in Hancock County School District! As we begin the school year, just a few months after passing our \$16.5 million-dollar school bond issue with 85% of the vote, I want to thank our parents and our community for their overwhelming support of our schools. As we proceed in initiating our projects, we will provide transparent, open and honest communication. You have entrusted us to wisely spend, and I commit to doing just that.

As we begin these new projects, our focus will continue to be on our students and their success. Thanks to the support of our community, business partners, and parents, and the excellence of our teachers, administrators, and support staff, we are confident that our schools will continue to be highly successful. Our administrators, faculty and staff work diligently to ensure that every child is given an opportunity to reach his/her full potential in meeting grade level standards. We are committed to preparing students for college or the work force, to be engaged citizens, and to be productive contributors to the world. Parents, you are an essential partner in your child's success in school and we value and encourage your involvement. We encourage you and your children to regularly check our Active Parent resource, empowering you and your child to track attendance and grades. As we work together toward our common goal of the success and well-being of our students, I look forward to another wonderful school year and the daily accomplishments of our students and staff. I see tremendous opportunities ahead for us to continue to grow as an educational community. Together, we can help our students achieve success!
